## Short video highlights dedicated ATP's staff working at Cuc Phuong

At 20.00 of 31<sup>st</sup> of May 2018, the VTC10 channel has just aired its 3-minute video on piece of rescue and conservation work of the Asian Turtle Program (ATP) at the Turtle Conservation Centre (TCC) of Cuc Phuong National Park. The video also acknowledge the tireless effort and contribution of one of our dedicated staff, Nguyen Thu Thuy, who have been working for ATP since 2009, recently moved to TCC to support the Centre with captive management.

We hope that through this short video, people will better understand the conservation of turtles as well as not raising turtles as pets to help curb hunting and trading of turtles.
